

Promise

Promise Song

Every evening, Brings an ending
Every day becomes a legacy
Every sunset, Leads to morning
With the promise of opportunity

We can reach for the stars we find along the way
Dreaming as we learn to love everyday
Promise, You will take my hand
As tomorrow comes, We'll go on

(Instrumental)

We'll go on, growing closer through the years
Moving on, through the good times and the tears
Ever on, another thousand circles 'round the sun
If two can be as one, We'll go on

(Instrumental)

St. Helens Gang Show 2010 Song Book: Promise

There is music, If you listen
In the rhythm of each breath we take
Destinations Undiscovered
Revelations from every choice we make

And I know, There are diamonds dancin' in the sky
All we have to do, Is open our eyes
Promise, We'll walk side by side
As a new day dawns, We'll go on

Tell It

Can you feel the rhythm, that's coming from your soul?

There's something in you stirring, it's something you should now

There's got to be a reason that you and I are here.

There's got to be an answer, it's feeling very near.

There's too much time a wasting, tell you what we're gonna do

We're gonna Jump, Shout, Tell the world about it

If you want the world to see

You can't make waves, just standing still.

You gotta make a little noise, you gotta rattle the tree

You and I reaching for the Sky, We're one big family.

You gotta Jump, Shout, Tell them all about it

If you want the world to see

We can't sit around waiting, there's so much we need to do

Others want to follow, if you and I we move

Hear that voice a calling; it's coming from your heart.

(Can't you feel it?) - Solo

It's gonna stay right with you until we do our part.

No waiting for tomorrow, here's what we're gonna do

(Let me tell you now) - Solo

Jump, Shout, Tell them all about it

If you want the world to see

You can't make waves, just standing still.

You gotta make a little noise, you gotta rattle the tree

You and I reaching for the Sky, We're one big family.

You gotta Jump, Shout, Tell them all about it

If you want the world to see

Jump, Shout, Tell them all about it

If you want the world to see

(Want the world to see) - Solo

You can't make waves, just standing still.

You gotta make a little noise, you gotta rattle the tree

(Rattle the Tree) - Solo

You and I reaching for the Sky, We're one big family.

You gotta Jump, Shout, Tell them all about it

If you want the world to see
